## **USDA RURAL DEVELOPMENT ANNOUNCES GRANT FUNDING FOR COMMUNITY SERVICES, INC.**

**GROESBECK, TEXAS, September 11, 2004**--Bryan Daniel, Texas State Director, USDA Rural Development today announced that Community Services Inc. of Corsicana, Texas was awarded a \$49,200 Housing Preservation Grant (HPG). USDA Rural Development administers programs designed to strengthen the economy and infrastructure of rural areas. Through its support of the sustainable development of communities, USDA Rural Development works to improve the quality of life in rural America.

"USDA Rural Development is very pleased to be able to provide housing rehabilitation funding for rural Texans," said Daniel. "It is our goal to ensure rural residents are afforded an opportunity to live in decent housing that meets basic health and safety standards and provides the benefits of energy efficient features."

USDA Rural Development funds will be used to rehabilitate and repair 12 very low income households, remove health hazards, protect housing from deterioration and install safety ramps.

The purpose of the HPG program is to promote sustainable economic development in rural communities by making grants to sponsoring organizations for the repair or rehabilitation of low and very low income housing. Grants are competitive and are made available in areas where there is a concentration of need.
